

A New Book about the World-Leading Immune Modulator!

Clinician's Guide to AHCC®

Evidence-Based Nutritional Immunotherapy

Introduction

- Regulations on Functional Foods and Utilization in Clinical Practices (Satoshi Ohno), 3
Integrative Medicine and Functional Food (Toshinori Ito), 9

PART 1 Profile Summary of AHCC

- Chapter 1. Manufacturing Process (Noriaki Fujii, Shotaro Kudo), 21
Chapter 2. Composition (Kenji Sato, Maki Kashimoto), 24
Chapter 3. Safety Assessment (Thomas Walshe, Hiroshi Nishioka), 34
Conventional and Water-Soluble AHCC Formulations (Juan Torrado), 39

PART 2 Basic & Clinical Studies on AHCC

Chapter 4. Immune Modulation

- Nutrition and the Immune Response (Philip C. Calder), 43
Immune Modulatory Function (Chantal Matar, Emilie Graham), 54
Spaceflight Models and AHCC (Gerald Sonnenfeld), 67

Chapter 5. Cancer

- Cancer Treatment and Functional Food (Satoshi Ohno, Toshinori Ito), 69
Effect of AHCC in Women Receiving Adjuvant Chemotherapy for Breast Cancer: The Present and Near Future (Sho Hangai, Satoru Iwase), 82
Pancreatic Cancer Chemotherapy and AHCC (Significance as Supportive Care) (Hiroaki Yanagimoto), 88

Chapter 6. Infectious Disease

- Prevention of Infectious Disease by Food (Anil D. Kulkarni), 98
Protective Effects of AHCC Against Epidemic Diseases (Shigeru Abe, Shigeru Nagakawa, Kazumi Hayama), 103
An Antisense Transcript-Mediated Mechanism Is Involved in the AHCC-Mediated Suppression of Inducible Nitric Oxide Synthase Expression (Mikio Nishizawa), 109
Interferon Antisense RNA and AHCC (Tomonori Kimura), 116
Pulmonary Non-Tuberculous Mycobacteriosis (Masaki Fujita, Kentaro Wakamatsu), 120
HPV and Cervical Cancer (Judith A. Smith), 123
Wound Infection Models and AHCC (Gerald Sonnenfeld), 128

Chapter 7. Anti-inflammatory Effect

- Anti-inflammatory Foods (Anil D. Kulkarni), 130
Anti-inflammatory Effects of AHCC (Mikio Nishizawa), 134

Chapter 8. Drug Interactions

- Drug-Nutrient Interaction (Anil D. Kulkarni), 144
Drug Interactions with AHCC (Judith A. Smith), 149
Comprehensive Analysis of Liver Metabolism Enzyme Gene (Koji Wakame), 157

Chapter 9. Application in Disease Prevention

- The Role of Food in Regulating Host Biology (Philip C. Calder), 164
Prevention of Cancer and Malformation by AHCC and Dietary Compounds (Taisei Nomura), 172
AHCC Effects on Psychoneuroimmunological Parameters; Autonomic Nervous Balance, Mood and Immunity (Tatsuya Hisajima), 184
Effect of AHCC on Gastrointestinal Dysfunction (Fermín Sánchez de Medina, Olga Martínez-Augustín), 196
AHCC and Anti-aging (Tetsuya Okuyama), 206

PART 3 Case Reports and Unpublished Studies

Chapter 10. Cancer

- Case Report #1 (Yusai Kawaguchi), 213
Case A: Stomach Cancer, 213
Case B: Stomach Cancer, 216
Case C: Bile Duct Cancer, 219
Case D: Stomach Cancer, 222
Case E: Stomach Cancer, 224
Case Report #2 (Norbert Szalus), 228
Case A: Idiopathic Thrombocytopenic Purpura, 228
Case B: Disseminated Neuroendocrine Tumors (NETs), 229
Case C: Spindle Cell Sarcoma, 232
Case D: Asthma, 234
Case Report #3 (Edwin A. Bien), 236
Case A: Rectal Carcinoma, 237
Case B: Lymph Node Malignancy, 238
Case C: Pancreatic Cancer, 239
Case D: Metastatic Bone Cancer, 240
Case E: Adenoid Carcinoma, 241
Case F: Nasopharyngeal Cancer, 242
Case G: Breast Cancer, 243
Case H: Liver Cancer, 244
Case Report #4 (Massimo Bonucci), 246
Case A: Pancreatic Cancer and Liver Metastases, 249
Case B: Pancreatic Cancer and Liver Metastases, 250

Chapter 11.

- Hepatitis: Treatment of Chronic Hepatitis B with AHCC Combination (Anuchit Chutaputti), 253**

Chapter 12.

- Inflammatory Bowel Diseases: Crohn's Disease and Ulcerative Colitis (Francisco J. Karkow), 267**

Chapter 13.

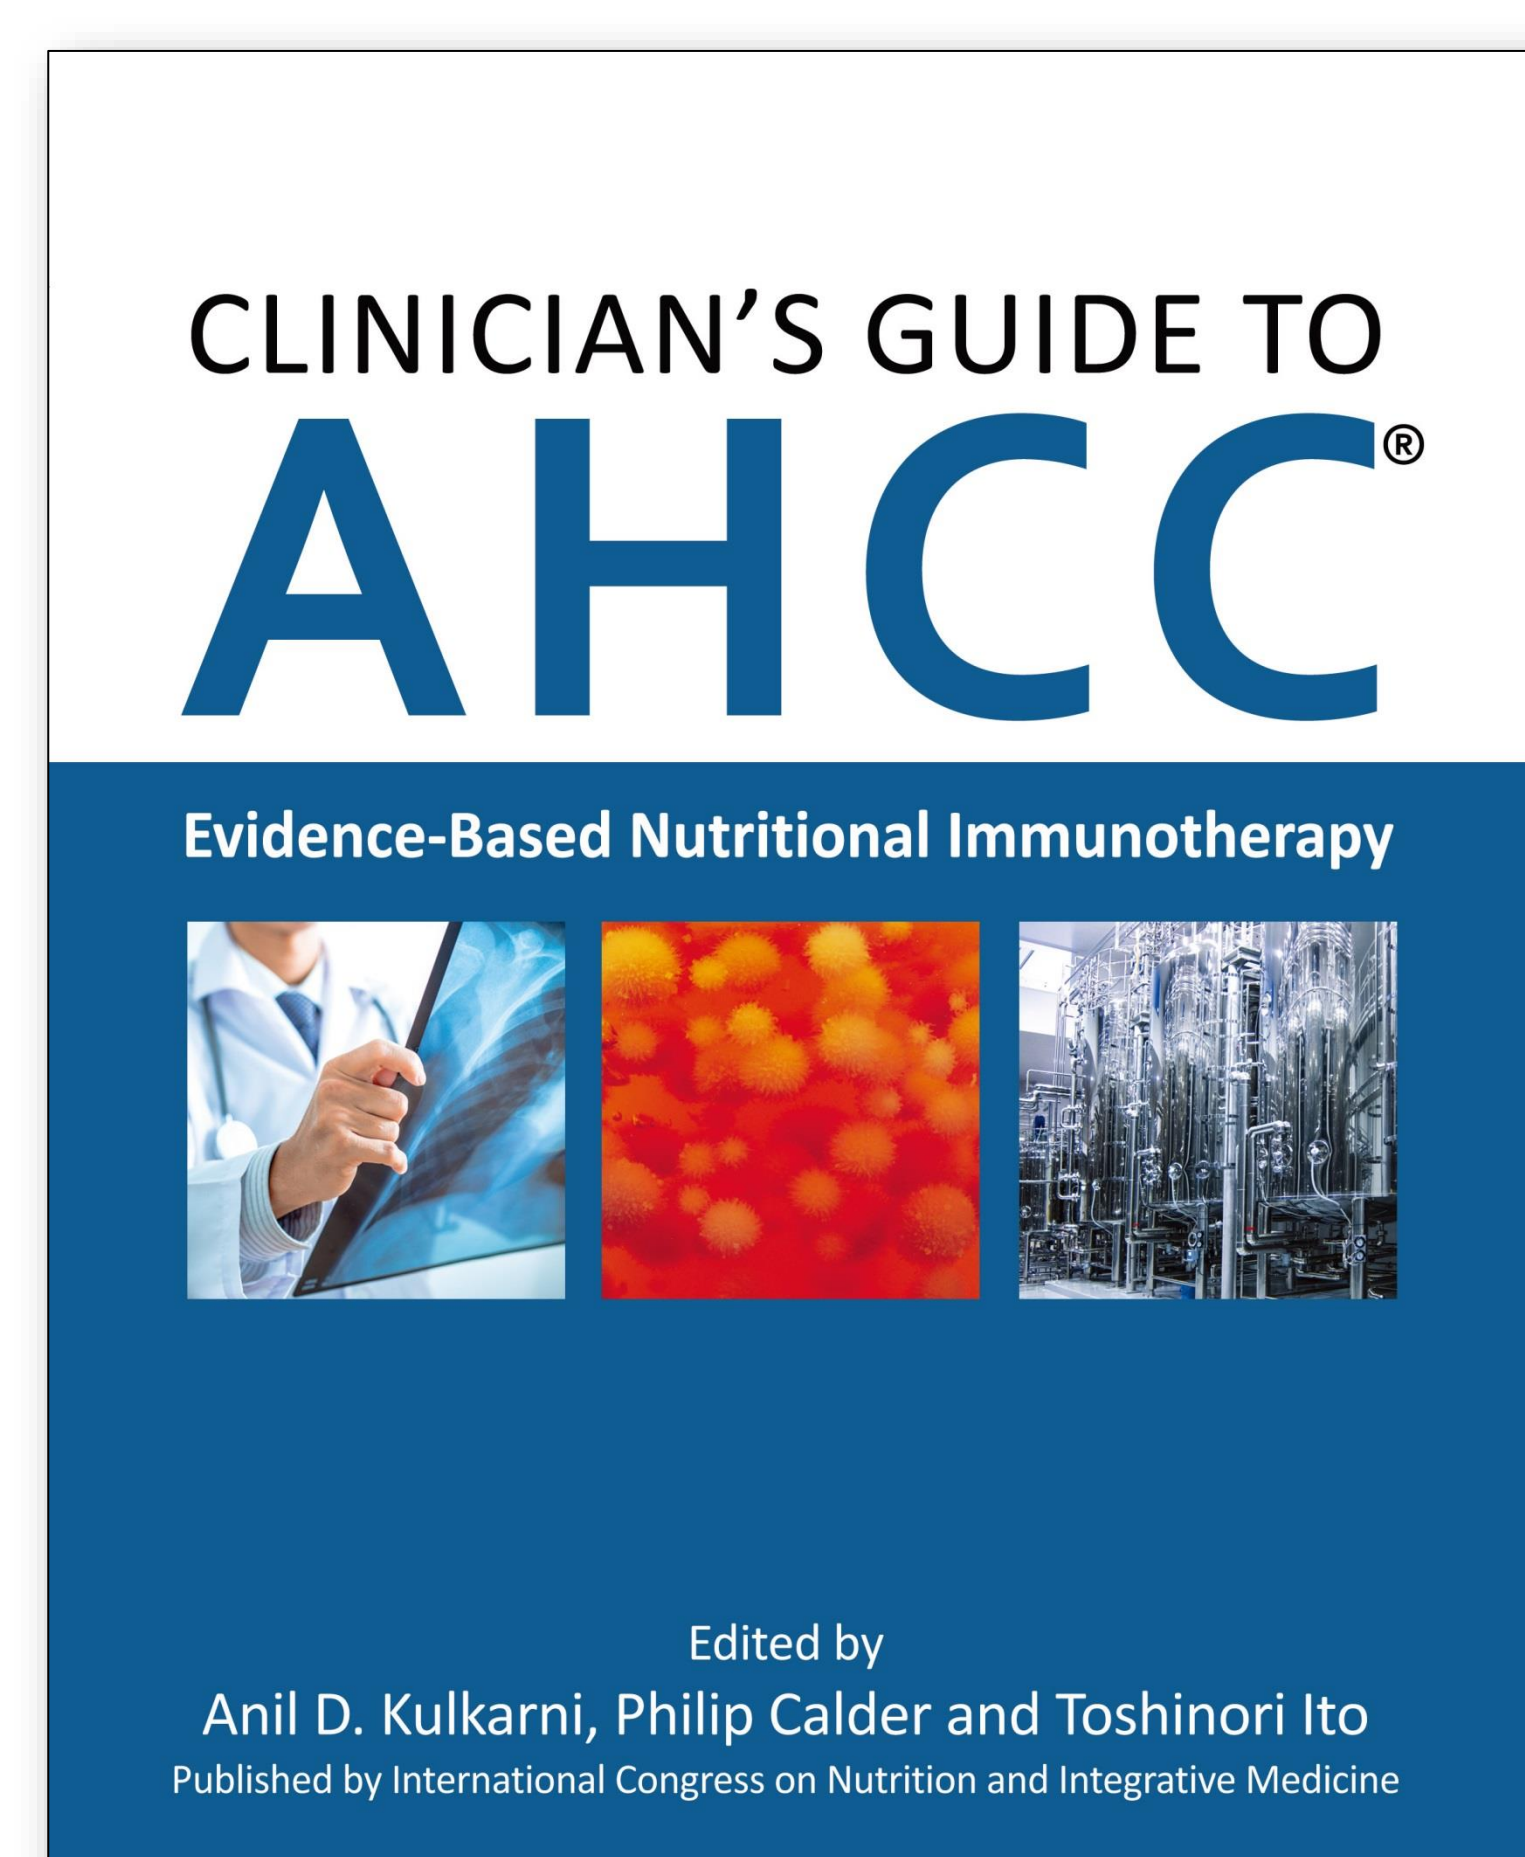

- Pharmacoresistant Epilepsy: AHCC for the Treatment of Refractory Epilepsy in Children (Natalia Mikhailichenko, Viacheslav Kulagin), 270**

Chapter 14.

- Sjögren's Syndrome (Francisco J. Karkow), 273**

Chapter 15.

- Chronic Respiratory Disease: Effects of Alternative Therapy with Fungal Medication at End Stage of Chronic Respiratory Disease (Takayuki Yoshizawa, Akitaka Yoshizawa), 277**
